Coming Spring 2026: The Brain Health Learning Centre

**A global innovation in brain health
education and dementia care**

A new era in brain health education is arriving. Launching in Spring 2026, the Brain Health Learning Centre will deliver cutting-edge, evidence-based programmes designed to advance brain health promotion, risk reduction, and dementia care.

Whether you're a clinician, researcher, educator, or care professional, this is your hub for high-quality learning in a rapidly evolving field.

What we offer:

**Expert-led
programmes**
focused on risk
reduction and
innovation in
brain health

**Collaborative
study days**
with leading
voices in
dementia care

**Flexible learning
formats,**
join us in person
or virtually

**Networking
opportunities**
with
professionals
passionate about
brain health and
dementia

Why it matters:

Our Learning Centre will empower professionals with the latest evidence-based knowledge and practical tools to promote brain health, reduce risk, and deliver compassionate, informed dementia care. Through expert-led learning, we will help shape healthier communities and more confident, knowledgeable and skilled practitioners in this vital field.
